To,  
Shri Narendra Modi  
Honourable Prime Minister of India

**Ask: Appeal to the GOI to take leadership and responsibility for transporting millions of interstate migrants who are stranded or are en route home in the aftermath of the nationwide COVID19 lockdown.**

The ongoing situation is a humanitarian crisis that is unprecedented in our history. The predicament of our **internal migrant workers has only deteriorated with each passing day. Instances of police brutality, infighting over resources at shelters, harassment on interstate borders, starvation, illnesses, and rail & road accidents are only escalating every day.** Many migrants have also died as a direct result of these chaotic developments.

**Shramik trains have started but these are totally inadequate to meet the needs of the large numbers of workers.** Migrant workers have little information about them. People have to run from pillar to post to enquire about them and have fallen prey to misinformation and extraction. **State governments do not have the resources or the capacity to undertake the task of coordinating transportation for this population, given the sheer volume of the crisis.**

**Noting that interstate migration and interstate quarantine are listed on the Central list of the Constitution (item 82), and how quickly this crisis has escalated across the country, we appeal with great urgency:**

That the **Government of India takes leadership and responsibility for transporting millions of interstate migrants who are stranded or are en route home in the aftermath of the nationwide COVID19 lockdown.** In this regard, we urge the government to deploy India's central forces to work in

close coordination with state governments **as accorded in Section 35(1) of the National Disaster Management Act (2005)**. This can only be initiated at the behest of your Honourable office and that of Shri Rajnath Singh, the Honourable Défense Minister of India.

**The Vande Bharat mission is a fine example which helped Indians across the globe to be safely transported home.** Complete information is provided on the MEA website of details of flights, timings, and destinations. Surely, a similar mission can be undertaken to transport migrant workers back to their rural homes.

These are bizarre and challenging times. Those who have been most severely affected are internal migrant workers. It is vital that their needs be addressed, and that they be protected. They must be allowed to go home to their families and provided with immediate cash assistance through your aegis and that of the state governments. We believe firmly and unequivocally that this is now the need of the hour.

**We appeal to you to urgently intervene and respond to contain the ongoing crisis, so that this tragedy of unparalleled proportions is not allowed to continue.**
